November 20, 2013

The Honorable Tim Johnson
Chairman
Committee on Banking, Housing,
and Urban Affairs
United States Senate
Washington, DC 20510

Dear Chairman Johnson:

I am transmitting the Federal Housing Finance Agency's (FHFA) Federal Property Manager's report in accordance with Section 110 of the Emergency Economic Stabilization Act of 2008 (EESA), titled *Assistance to Homeowners*. Section 110 of EESA directs Federal Property Managers (FPM) to develop and implement plans to maximize assistance for homeowners and encourage servicers of underlying mortgages to take advantage of programs to minimize foreclosures. FHFA is a designated FPM in its role as conservator for Fannie Mae and Freddie Mac. Each FPM is also required to report to Congress the number and types of loan modifications and the number of foreclosures during the reporting period.

I would like to highlight several results in the report. Fannie Mae and Freddie Mac completed approximately 36,300 foreclosure prevention actions in August, bringing the total foreclosure prevention actions to 2.97 million since the start of conservatorship in 2008. Approximately half of these actions have been permanent loan modifications.

Also noted in the report:

- The number of permanent loan modifications increased by 17 percent while delinquent loans continued to decline.
- Approximately 30 percent of all permanent loan modifications in August included principal forbearance.
- There were approximately 7,700 completed short sales in August, down 9 percent compared with July
- Early stage (30-89 days) and serious delinquent loans declined during the month.
- Foreclosure sales and starts decreased during the month compared with July.

Please contact me at (202) 649-3022 if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Peter Brereton". The signature is written in a cursive style with a large initial "P".

Foreclosure Prevention Report August 2013

FHFA Federal Property Manager's Report

This report contains data on foreclosure prevention activity of Fannie Mae and Freddie Mac (the Enterprises) through August 2013.

August 2013 Highlights

36,300
Completed
Foreclosure
Prevention Actions
in August

17%
increase in
permanent loan
modifications in
August

The Enterprises' Foreclosure Prevention Actions:

- Approximately 36,300 foreclosure prevention actions were completed in August, bringing the total to 2.97 million since the start of conservatorship in September 2008. Half of these actions have been permanent loan modifications.
- Permanent loan modifications rose 17 percent in August while delinquent loans continued to decline.
- Approximately 30 percent of all permanent loan modifications in August included principal forbearance.
- There were nearly 7,700 completed short sales in August, down 9 percent compared with July.

The Enterprises' Mortgage Performance:

- Early stage (30-89 days) and serious delinquent loans continued to decline in August.

The Enterprises' Foreclosures:

- Foreclosure sales and foreclosure starts continued to decrease in August.

Cumulative from April 2009 through	Jul-13	Aug-13
Trial Modifications Ever Started	1,039,764	1,042,920
Less:		
Trials Disqualified	(79,739)	(78,927)
Trials Cancelled	(345,227)	(346,686)
Permanent Modifications	(596,804)	(600,444)
Trials Remaining Active	17,994	16,863
Permanent Modifications Started	596,804	600,444
Less:		
Modifications Defaulted	(149,783)	(150,613)
Modifications Paid off	(13,957)	(15,003)
Active Permanent Modifications	433,064	434,828

Source: FHFA (Fannie Mae and Freddie Mac)

¹ Includes loans with missing original credit score.

² Includes loans that were 30+ days delinquent at initiation of the plan. In addition, the completed forbearance plans data have been revised to exclude HAMP.

³ HAMP trial modifications are based on the first trial payment posted date. HAMP permanent modifications are based on the effective date of modification. As of August 31, 2013, Fannie Mae had more than 259,400 HAMP active permanent modifications and Freddie Mac had nearly 175,400 HAMP active permanent modifications.

Completed Foreclosure Prevention Actions

Since the first full quarter in conservatorship (4Q08), combined completed foreclosure prevention actions total 2.97 million. Approximately half of these actions are permanent loan modifications.

¹ The number of foreclosure prevention actions reported in this table may not tie to the Enterprises' financial statements due to timing differences in reporting systems.² Forbearance plans initiated include HAMP trials initiated by servicers under the MHA program. HAMP trial modifications are based on the first trial payment posted date. HAMP permanent modifications are based on the effective date of modification. As of August 31, 2013, Fannie Mae had more than 259,400 HAMP active permanent modifications and Freddie Mac had nearly 175,400 HAMP active permanent modifications.³ Includes loans that were 30+ days delinquent at initiation of the plan. In addition, the completed forbearance plans data have been revised to exclude HAMP.

¹ Short sales and deeds-in-lieu of foreclosure

FHFA produces monthly and quarterly versions of the Foreclosure Prevention & Refinance Report. In addition to the data provided in the monthly reports, the quarterly reports include the following information: MHA program updates; benchmarking of the Enterprises' delinquency rates; the type and depth of loan modifications; and the performance of modified loans.

Glossary

Data and definitions in this report have been revised relative to prior versions of the report. FHFA continues to work with the Enterprises to improve the comparability of reported data.

Section 1: Mortgage Performance

Total Loans Serviced - Total conventional active book of business, excluding loans that were liquidated during the month.

Current and Performing - Loans that are making timely payments and are 0 months delinquent as of the reporting month.

Total Delinquent Loans - Loans that are at least one payment past due, i.e., total servicing *minus* current and performing.

30-59 Days Delinquent - Includes loans that are only one payment delinquent.

60-89 Days Delinquent - Includes loans that are only two payments delinquent.

60-plus-days Delinquent - Loans that are two or more payments delinquent, including loans in relief, in the process of foreclosure, or in the process of bankruptcy, i.e., total servicing *minus* current and performing, and 30 to 59 days delinquent loans. Our calculation may exclude loans in bankruptcy process that are less than 60 days delinquent.

Serious Delinquency - All loans in the process of foreclosure *plus* loans that are three or more payments delinquent (including loans in the process of bankruptcy).

In Bankruptcy - Loans in the process of bankruptcy; includes all delinquency status.

Section 2: Completed Foreclosure Prevention Actions

Home Retention Actions - Repayment plans, forbearance plans, charge-offs in lieu of foreclosure, Home Saver Advances, and loan modifications. Home retention actions allow borrowers to retain ownership/occupancy of their homes while attempting to return loans to current and performing status.

Repayment Plans - An agreement between the servicer and a borrower that gives the borrower a defined period of time to reinstate the mortgage by paying normal regular payments plus an additional agreed upon amount in repayment of the delinquency.

Forbearance Plans - An agreement between the servicer and the borrower (or estate) to reduce or suspend monthly payments for a defined period of time after which borrower resumes regular monthly payments and pays additional money toward the delinquency to bring the account current or works with the servicer to identify a permanent solution, such as loan modification or short sale, to address the delinquency.

Charge-offs-in-lieu of Foreclosure - A delinquent loan for which collection efforts or legal actions against the borrower are agreed to be not in the Enterprises' best interests (because of reduced property value, a low outstanding mortgage balance, or presence of certain environmental hazards). The servicer charges off the mortgage debt rather than completing foreclosure and taking the property title. The borrower retains the property. The unpaid mortgage balance becomes a lien on the borrower's property, which must be satisfied when the borrower transfers ownership.

HomeSaver Advance (Fannie Mae) - An unsecured personal loan to a qualified borrower to cure his or her payment defaults under a mortgage loan the Enterprises own or guarantee. The borrower must be able to resume regular monthly payments on his or her mortgage. The program ended in 2010.

Loan Modifications - Number of modified, renegotiated, or restructured loans, regardless of performance-to-date under the plan during the month. Terms of the contract between the borrower and the lender are altered with the aim of curing the delinquency (30 days or more past due).

Nonforeclosure-Home Forfeiture Actions - Short sales and deeds-in-lieu of foreclosure. These actions require borrowers to give up their homes. Although homes are forfeited, foreclosure alternatives generally have less adverse impact on borrowers and their credit reports than foreclosure.

Short Sales - A short sale (also called a preforeclosure sale) is the sale of a mortgaged property at a price that nets less than the total amount due on the mortgage (e.g., the sum of the unpaid principal balance, accrued interest, advanced escrows, late fees, and delinquency charges.) The servicer and borrower negotiate payment of the difference between the net sales price and the total amount due on the mortgage.

Deed(s)-in-lieu of Foreclosure - A loan for which the borrower voluntarily conveys the property to the lender to avoid a foreclosure proceeding.

Section 3: Loan Modifications

Increase - Principal and interest after modification is higher than before the modification.

No Increase - Original principal and interest is unchanged after the modifications.

Decrease <=20% - Original principal and interest is decreased by 20 percent or less after modification.

Decrease >20% - Original principal and interest is decreased by more than 20 percent after modification.

Extend Term Only - Remaining term of the loan is longer after modification.

Reduce Rate Only - Loan's rate is lower after modification.

Reduce Rate and Extend Term - Loan's rate reduced and term extended.

Reduce Rate, Extend Term, and Forbear Principal - Modification includes term extension, rate reduction, and forbearance of principal.

Other - A modification that does not fit in any of the above categories. The majority of these loans are capitalized modifications.

Section 4: Third-party Sales and Foreclosures

Third-party Sales - A third party entity purchases the property at the foreclosure sale/auction above the initial bid set forth by Fannie Mae or Freddie Mac.

Foreclosure Starts - The total number of loans referred to an attorney to initiate the legal process of foreclosure during the month. These are loans measured as not being in foreclosure in the previous month but referred to foreclosure in the current month.

Foreclosure Sales - The number of loans that went to foreclosure (sheriff's) sale during the month.
