2023-FOIA-040	Buhayar, Noah		1. Copies of data files submitted by all of the Federal Home Loan Banks (FHLBanks) to the FHFA (and, previously, the Federal Housing Finance Board) related to the Affordable Housing Program and Community Investment Cash Advance program (AHP/CICA), including but not limited to: • Quarterly aggregate data on AHP and CICA submitted via the Call Report System by all the FHLBanks • Semi-annual project-level data on AHP competitive programs run by all the FHLBanks • Annual household-level data for non-competitive, set-aside programs administered by all the FHLBanks. • Annual member-level project information on CICA programs administered by all the FHLBanks. The FHFA -- and its predecessor, the Federal Housing Finance Board -- have collected this data since at least the beginning of 2007, according to the agency's AHP/CICA Data Reporting Instructions. Additionally, references to the "Call Report System" and "AHP Database" are made in agency reports on the FHLBanks' community investments, suggesting FHFA possesses and retains these records. The timeframe for this part of the request is January 1, 2007 through the date the search for responsive records is conducted. 2. Emails, text messages, memos, letters and oversight reports referencing FHLBank's "project watch list" (or equivalent monitoring system) for AHP projects that may not be performing. The agency's manual on examinations of the FHLBanks says such matters should be "routinely considered by the examiner." Please search the following offices for responsive records from custodians that includes the heads of each off and personnel GS-15 and above: Office of the Director, Division of Accounting and Financial Standards, Division of Bank Regulation, Division of Conservatorship Oversight and Readiness, Division of Enterprise Regulation, Division of Research and Statistics, Office of the General Counsel.	06/23/2023
