Submitter Info:

If the proposed rule change is made, I believe I will be unable to sell my home, losing all the equity I have built up and will be unable to purchase another place even if I were able to sell my home.

My manufactured home is located in Brookfield Meadows in Brookfield Massachusetts. It sits upon land that is leased from the park owners. I do not own the land.

I believe there are over 10 million US citizens, elderly and /or lower income families currently living in leased-land manufactured housing.

Why would seek out these specific populations to remove government support?

I hope you reconsider RIN 2590-AA27.
