Re: Notice of Proposed Rulemaking and Request for Comments

Dear Mr. Pollard:

The Federal Housing Finance Agency has requested comments on a notice of proposed rulemaking on Federal Home Loan Bank membership requirements. We appreciate the opportunity to submit this comment on the proposed rule.

Hampden Bank, headquartered in Springfield, MA is well-positioned at this time to meet the requirements for the proposed ongoing membership changes. However, the FHLBank's cooperative structure works because it is dependent on a diverse membership. Limiting that membership with the changes proposed in the rule would weaken that structure which will affect the ability of our Boston bank to reliably and safely serve its membership. Further, the FHLBanks would be viewed by existing and potential members as a far less reliable funding partner due to resulting volatility in its membership.

In addition to supplying products to meet our liquidity needs, the FHLBanks are an important source of funding for low- and moderate-income housing in the country. Through the Affordable Housing Program, FHLB Boston members have been awarded more than \$422 million in total subsidies and subsidized advances to create or preserve more than 25,000 affordable rental and ownership units in New England. The adverse impact the proposed rule would have on the Boston bank's ability to grow and even maintain existing levels of advances would directly lead to reduced funding of the AHP, and in turn, there will be fewer safe, decent and affordable housing options for our communities.

Lastly, I wish to emphasize how important reliable access to FHLB Boston is to our financial institution. The FHLBank business model has been a success for more than 80 years and must stay strong.

For these reasons, we request that the proposed rule be withdrawn. Thank you.

Sincerely,

Glenn S. Welch
President and CEO
Hampden Bank
