Subject: Responsibility.

Since your organization refused to do everything you could to help people in their time of need, you have lost all sense of credibility. Mr. DeMarco's threats and warnings are only a sign of arrogance run amok in a corrupt system left unchecked for too long.

Fact is, your organization has nothing to do with this. You have no legal say over anything concerning eminent domain, period! So tell Mr. DeMarco to kindly shut the hell up and stay out of things he has no concern with. If he won't help people, he should get out of the way of others who will. His antics and threats are merely a tantrum of a little man being made irrelevant and they reflect badly upon what little good reputation the administration has left.

It's time we took back our housing, so stop supporting those who are stealing our homes from us.
