Subject: RIN 2590-AA53 - Restore PACE programs now

Sep 6, 2012

Mr. Alfred Pollard
1700 G Street, NW, 4th floor
Washington, DC 20552

Dear Mr. Pollard,

The thing that holds me back from doing energy-saving retrofits to my house is the likelihood that I will move in a few years, and won't realize the savings. If I had a PACE program available, I wouldn't have to worry about that, since I would be able to pass along the cost

- as well as the benefit - to the next owner, just like with a sewer assessment. I suspect the same is true for millions of other homeowners. It just makes sense to do it this way.

Therefore, I urge the FHFA to reconsider its position opposing PACE in its recently proposed rule and to reinstate these programs.

Sincerely,

Mark Kinnucan
