RE: RIN 2590-AA53 Mortgage Assets Affected by PACE Programs; Comments on  
Advanced Notice of Proposed Rulemaking and EIS Scoping Comments

Dear Mr. Pollard:

i am an architect, general contractor and developer of sustainably-designed homes,  
multi-family residential apartments and condominiums. Local implementation of PACE  
programs will provide financial support for my work as i rebuild my business post-  
recession. PACE will provide a critical financing mechanism that will bolster much  
needed jobs in the housing sector! Please support the program!

Sincerely,

Jesse Bornstein, AIA, LEED AP
