Subject: RIN 2590AA27

Gentlemen:

Regarding RIN 2590AA27 regulating Fannie May / Freddie Mac financing for manufactured housing: These regulations do not cover financing for housing that is located on leased land. The majority of such housing ARE located on leased land sites. Thus such financing is not available to the majority of manufactured housing. Manufactured housing is VITAL! MANUFACTURED HOUSING IS THE LAST REMAINING FORM OF UNSUBSIDIZED HOUSING.
Please review and rethink these regulations before finalization.

Regards

Randolph J Gibson
